

PRODUCT BROCHURE

Mamamac's is a small bakery in the heart of the beautiful Ceres valley. Even before all things homemade and wholesome became a big news trend, this is exactly the way Lourensia made rusks and biscuits in her farm kitchen.

Using and perfecting traditional, family recipes she has grown the business over the past 20 years from a one woman show to a bakery that employs more than 10 people and her daughter, Anneke.

At Mamamac's we offer you a range of delicious biscuits and rusks, baked with natural ingredients, patience and care. We are all passionate about and proud of our products!

The baked goods that started as a labour of love is now supplying a livelihood to 11 families as well as pleasing the taste buds of all those that encounter them.
